Arru101

## Backend Developer

Targeting **Back-end** Developer roles with an organization of high repute with a scope of improving knowledge and further career growth.

## Education

**Dr. Babasaheb Ambedkar Marathwada University, Aurangabad**

**March 2020 – August 2024**

*Bachelor of Engineering in Computer Science(B.E)*

*Aurangabad, Maharashtra*

CGPA - 6.58

## Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

## Experience

### Cyber Success

**September 2024 - May 2025**

*Java Developer*

*Pune*

- Learned and applied Core Java concepts like OOPs, collections, and exception handling.
- Practiced writing SQL queries for data retrieval and manipulation.
- Developed and maintained Java-based web applications using Spring Boot, Hibernate, and MySQL.
- Implemented RESTful APIs and performed CRUD operations with DTO validation and proper exception handling.
- Collaborated in Agile teams, used Git for version control, and wrote clean, testable code following best practices.

## Projects

### E-Commerce Website | *HTML, CSS, Javascript, Bootstrap and API*

**May 2023**

- Developed using HTML, CSS, and JavaScript, ensuring a clean, responsive layout and smooth user experience across all screen sizes.
- Built "Lemurs" – a curated product showcase platform where customers only find top-rated products (4 and above), focusing on quality over quantity.
- Hosted on Netlify, leveraging automated deployment pipelines for continuous updates and testing.

### Clients Management System | *Core Java, SpringBoot, Thymeleaf, JPA, Hibernate, SQL*

**August 2024**

- Implemented CRUD operations (Create, Read, Update, Delete) with robust form validation using DTOs and Hibernate Validator.
- Designed a clean and responsive UI to add, edit, and delete client records easily.
- Enabled email uniqueness check and automatic timestamping on client creation.
- Followed MVC architecture and clean code practices for maintainability and scalability.

## Technical Skills

**Languages:** Java, HTML/CSS, JavaScript, SQL

**Developer Tools:** VS Code, IntelliJ, Eclipse, Google Cloud Platform

**Technologies/Frameworks:** Linux, Spring Boot, Hibernate, GitHub, React js, Bootstrap, Software Development Lifecycle

## Certification

- Completed an "Advanced JAVA Certification Course" through Google Developers Launchpad.
- Completed a "Javascript Certification Course" through Google Developers Launchpad.
- Completed a "MySQL Training" through Iqra Technology Institute.

## Extracurricular

- \* Organized "HOBNOB 2023 FEST" in Everest College of Engineering and Technology.
- \* Achieved "First Rank" in Cricket Tournament in Everest College of Engineering and Technology.
- \* Handled every "Event" that the Department organizes in Everest College of Engineering and Technology.
